

We build strength, stability, self-reliance *and* shelter.

Hello!

Habitat for Humanity of Greater Newburgh is as committed today as ever to shaping the world around us to be a healthy habitat for all our neighbors and communities. Protecting the people and communities we serve from COVID-19 has meant pausing some activities. In response to the Governor's mandate to stay home and practice social distancing, the Habitat for Humanity of Greater Newburgh Community has decided to make our annual "Walk for Housing" scheduled for April 26<sup>th</sup> a Virtual Walk. We are inviting you to get involved! (please note we still hope to host a physical Walk later this year).

Our Virtual Walk for Housing is an opportunity to break free from cabin fever. We aim to get you moving! Our 14-day virtual tour of Newburgh cites can be completed by walking, hiking, cycling, or running in the safety of your home, yard, or other safe, physically distant place. Please visit <http://bit.ly/HFHGNwalk> for links to our fundraising sites and instructions on setting up your fundraising/fitness page and logging activity. Physical activities can be recorded on Walk for Housing fundraising pages then shared to our social media, or emailed to us at [walkforhousing@habitatnewburgh.org](mailto:walkforhousing@habitatnewburgh.org).

Each submission will contribute to our community grand total of how far we have traveled along the Newburgh Walk for Housing Route. Our goal is 900 miles (2000 steps equal one mile) or 300 hours of walking, running, hiking, or riding. We believe we will do it with your 100% effort. As a reward, the team with the longest distance/ most hours "walked" will get their name on the 2020 Walk for Housing T-Shirt to be held later this year.

While our Walk for Housing is a fundraising activity, we are looking to having the community participate in physical activity while raising awareness of Habitat Newburgh's mission- to bring people together to build houses, communities, and hope. With your help, our Virtual Walk for Housing promises to be fun and successful. We will safely secure a healthy community for our households during this COVID-19 pandemic. As actively engaged volunteers in this fight for the well-being of our world, let's walk it out to improve the places we call home in Newburgh.

If you have any questions, please feel free to email us at [walkforhousing@habitatnewburgh.org](mailto:walkforhousing@habitatnewburgh.org) or give us a call @845-568-6035 X110

Stepping Up for Housing,
